

Authority[®] Brands Decision Matrix

Use *Authority First* where **marestail, giant ragweed**, other large-seeded broadleaf weeds are primary problem.

Authority MTZ offers **enhanced burndown activity**, residual control on broadleaves, yet maintains maximum crop rotation flexibility

Authority Assist provides excellent residual control of ALS and non-ALS resistant weeds with good early season grass control.

OR

Introducing the New Authority[®] Brands from FMC

Authority First DF Herbicide

- **Seasonality:**
 - Primary: Spring preemergence
 - Secondary: Fall application
- **Weed Spectrum:** Tough broadleaves including large and small-seeded
 - Marestalk
 - Common & Giant Ragweed
 - Cocklebur
 - Waterhemp
 - Lambsquarters
 - Nightshade
