

Broad Spectrum Insect Control

Hero® EW Insecticide Provides Outstanding Broad Spectrum Control of a Wide Range of Tough Insects in Tomatoes, Head Lettuce, Head and Stem Brassica, Eggplant, Peppers, Cotton, Corn, and Succulent Beans and Peas.

PRODUCT ATTRIBUTES	BENEFITS
Broad Spectrum Control	Handles a multitude of pests with one product.
Quicker Knockdown	Fast knockdown means you stop damage before pests cut into profits.
Longer Residual Control	Helps reduce the numbers of times you need to spray.
Advanced Formulations	Hero EW is a low VOC formulation designed especially for fruit and vegetable crops in CA & AZ.

TECHNICAL INFORMATION	
Active Ingredient:	Cyano and Bifenylyl Isomers (pyrethroids)
IRAC Class / MOA	3 / Sodium channel modulators
Formulation:	1.14 lb/ga EW formulation
Signal Word:	WARNING RESTRICTED USE
PPE	Handlers of diluted solutions: long-sleeved shirt and long pants, shoes plus socks, and chemical resistant gloves. Handlers of concentrated material: the above items plus protective eye wear.
REI	12 hours
Packaging:	Case: 4 x 1 gallon containers

ROTATIONAL CROPS
Crops for which bifenthrin and zeta-cypermethrin exist may be rotated at any time. All other crops may be rotated 30 days following the final application of Hero.

Broad Spectrum Insect Control

Hero® Insecticide Provides Outstanding Broad Spectrum Control of a Wide Range of Tough to Control Insects

***Not all pests are listed, and, generic terms such as “worms” are used for Lepidoptera larvae in this table. Check the label for information on crops, pests, applications, and restrictions.**

CROP	PESTS (see label for definitive pest list)	RATE RANGE FL OZ. PRODUCT/ACRE*	MAX AMOUNT / SEASON / ACRE		PHI (Days)
			lb ai	fl oz prod.	
Cotton	Worms, Grasshoppers, Thrips, Aphids, Leafhopper, Stink Bugs, Lygus Spp. Whitefly	5.6 – 11.2	0.45	48.4	14
