

# Soybean Aphid Control

## Hero® Is the Superior Option for Soybean Aphid Control

Hero has once again topped a university soybean research plot. Data below is from the University of Minnesota in 2008. Hero also topped NDSU's research plot in 2008. Hero is an excellent option for soybean aphid control and will result in more yield.

**Hero Soybean Use Rate: 5.12 fl oz/acre**

**2008 University of Minnesota**  
**Mean aphid pop. 532/plant prior to treatment,**  
**and 930 aphids/plant @ 20 DAT in untreated.**
